Team A - First to kick

Step up to the plate and kick the ball only if you can spell a given spelling word correctly.

Students write the spelling word on a small whiteboard.

Kick the ball run the bases

If the ball is not caught you are out

You are also out, if the other team gets a basket before you reach home plate, similar to baseball.

Team B

Fields the ball, then attempts to shoot a basket before the other team reaches home plate.

* If the ball is kicked far, the kicker runs the bases twice. Figure out what boundary mark is considered far.
