

# Spelling Tag    Lang. Arts / P.E.    (Gr. 1-5)

Materials: list of spelling words  
8 cones (to set boundaries)

Objective: Know how to spell the spelling words and get a workout.

Before playing tag: Review the spelling words.

1. Write the words 3 times.
2. Do a practice spelling test.
3. Try to write as many of the spelling words as you can remember.

Procedure: Assign 3 students to do the tagging. Show them how to tag gently on the shoulder. If tagged, you must go to the spelling spot and spell the word requested by the designated Spelling Captain. If you verbally spell the word correctly you are back in the game.

If the student spells the word incorrectly, the correct spelling is given verbally and spelled out on a whiteboard. After a short timeout they are given another chance to spell the word correctly.
